

SPREADER CHAINS

PROCEDURE FOR ORDERING SPREADER CHAIN:

A.) Bar size and width C and D (Example: 1/4" x 1" - 3/8" x 1 1/2")

B.) Type pintle link stamped on side.

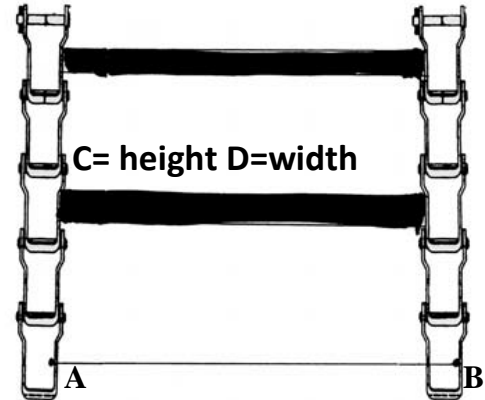

Example: D667X, D662, D667K

C.) Measurement should be from point A to point B

(Inside link to outside of other link)

D.) Is your bar on every link, every other or every 3rd link

E.) Measure sander chain length center of sprocket to center of back sprocket x2 +2ft (14ft x2=28ft+2ft = 30ft chain)
